Dear UA Students, Faculty and Staff:

As most of you are aware of federal law regarding marijuana, it remains illegal to possess and use even small amounts of marijuana.

You also should be aware that Regents' Policy, University Regulation and Student Codes of Conduct related to marijuana are not required to change

<sup>2</sup> and are not likely to change. As a result, violating applicable Board of Regents Policy or University Regulation relating to illegal drugs, including marijuana, will continue to result in disciplinary action.

As a recipient of federal funds, UA has to comply with the Safe

because of the type of work they perform. Testing positive regulations and will remain grounds for employment sanctions. Marijuana use occurs on campus as applicable to your university.

- **Regents' Policy & University Regulation 04.02.040** - Federal Drug-Free Workplace requirements;
- **Regents' Policy & University Regulation 04.02.050** - UA's Controlled Substance Testing program.
- **Regents' Policy 05.12.104** – prohibition of possession or use of marijuana on UA property.

<sup>1</sup>The law eliminates certain **state** criminal penalties and offenses related to marijuana and regulate the possession, distribution, use, and growing of marijuana by those 21 and over in Alaska.
